“Bank Rate” shall mean a fluctuating interest rate per annum which, for each day, shall equal (a) for the period from and including the Mandatory Purchase Date to and including the one hundred and twentieth (120th) calendar day immediately succeeding such Mandatory Purchase Date, the Alternate Base Rate from time to time in effect, (b) from the period from and after the one hundred and twenty-first (121st) calendar day immediately succeeding such Mandatory Purchase Date, the Alternate Base Rate from time to time in effect plus two percent (2.00%); *provided* that (i) upon the occurrence and continuation of any Bond Insurer Event of Default, from and after the effective date of such Event of Default, the Bank Rate shall immediately and automatically, without notice to the Commission (which notice is hereby waived by the Commission), equal the Default Rate and (ii) from and after any Taxable Date, the Bank Rate shall immediately and automatically, without notice to the Commission (which notice is hereby waived by the Commission), equal the Taxable Rate (which interest in excess of the Insured Portion with respect to Bonds bearing interest at the Taxable Rate shall not be insured by any bond insurance policy but payable solely by the Commission).

“Bond Insurer Event of Default” shall mean an Event of Default under Section 6.01(a), (b) or (c) of the Bond Purchase Agreement.

“Default Rate” shall mean the Alternate Base Rate from time to time in effect plus three percent (3.00%); *provided, however*, that the Default Rate shall never exceed the maximum lawful interest rate. The Default Rate shall change as and when the Alternate Base Rate changes.

“Determination of Taxability” shall mean and shall be deemed to have occurred on the first to occur of the following:

- (i) on that date when the Commission files any statement, supplemental statement or other tax schedule, return or document which discloses that a Tax Event shall have in fact occurred;
- (ii) on the date when the Commission shall be advised in writing by the Commissioner or any District Director of the Internal Revenue Service (or any other government official or agent exercising the same or a substantially similar function from time to time) that, based upon filings of the Commission, or upon any review or audit of the Commission or upon any other ground whatsoever, a Tax Event shall have occurred;
- (iii) on the date when the Commission shall receive notice from a Bondholder or any former Bondholder of the Variable Rate Bonds that the Internal Revenue Service (or any other government official or agency exercising the same or a substantially similar function from time to time) has assessed as includable in the gross income of such Bondholder or such former Bondholder interest on the Variable Rate Bonds due to the occurrence of a Tax Event; or
- (iv) delivery to the Commission and the Initial Bondholder of an opinion of Bond Counsel acceptable to Commission and the Initial Bondholder to the effect that the interest on the Variable Rate Bonds is includable in gross income of a Bondholder or any former Bondholder of the Variable Rate Bonds due to the occurrence of a Tax Event;

provided, however, no Determination of Taxability shall occur under subparagraph (ii) or (iii) above unless the Commission has been afforded the opportunity, at its expense, to contest any such assessment, and, further, no Determination of Taxability shall occur until such contest, if made, has been finally determined; *provided further, however*, that upon demand from a Bondholder or former Bondholder of the Variable Rate Bonds, the Commission shall promptly reimburse such Bondholder or former Bondholder for any payments, including any taxes, interest,

penalties or other charges, the Bondholder (or former Bondholder) shall be obligated to make as a result of the Determination of Taxability.

“Favorable Opinion of Bond Counsel” shall mean an opinion of bond counsel to the effect that an action will not adversely affect the exclusion from gross income of interest on the Variable Rate Bonds for federal income tax purposes.

“Federal Funds Rate” shall mean, for any day, the weighted average (rounded upwards, if necessary, to the next 1/100 of 1%) of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published on the next succeeding Business Day by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average (rounded upwards, if necessary, to the next 1/100 of 1%) of the quotations for such day for such transactions received by the Calculation Agent from three Federal funds brokers of recognized standing selected by it; *provided*, that, if the Federal Funds Rate shall be less than zero, such rate shall be deemed to be zero for purposes of this Annex A. Each determination of the Federal Funds Rate by the Calculation Agent shall be deemed conclusive and binding on the Commission absent manifest error.

“Initial Bondholder” shall have the meaning provided for such term in the Bond Purchase Agreement.

“Initial Index Rate Period” shall mean the initial Index Rate Period commencing on the Closing Date and ending on the first to occur of (i) the Initial Mandatory Purchase Date, or (ii) the Conversion Date next succeeding the Closing Date.

“Initial Mandatory Purchase Date” shall mean July 19, 2023.

“Interest Payment Date” shall mean the fifteenth day of each calendar month, any day that is a Conversion Date for such Variable Rate Bonds from an Index Rate Period and the maturity date for such Variable Rate Bonds, provided that notwithstanding the foregoing, the first Interest Payment Date with respect to the Variable Rate Bonds during the Initial Index Rate Period shall be February 15, 2019.

“LIBOR Interest Period” shall mean while any Variable Rate Bonds bear interest at the Index Rate based on the LIBOR Index Rate, the period from (and including) the Conversion Date (or in the case of the Initial Index Rate Period, the Closing Date) to (but not including) the fifteenth day of the next succeeding month (the day on which any LIBOR Interest Period so ends being referred to as an “End Date”), and thereafter shall mean the period from (and including) the End Date of the immediately preceding LIBOR Interest Period and ending on (but excluding) the fifteenth (15th) day of the following calendar month.

“LIBOR Index Rate” shall mean a per annum rate of interest equal to the sum of (i) the Applicable Margin plus (ii) the product of (a) the LIBOR Rate multiplied by (b) the Applicable Factor.

“LIBOR Rate” shall mean the London interbank offered rate administered by the ICE Benchmark Administration (or any other Person that takes over the administration of such rate)

The LIBOR Rate shall adjust upon the expiration of each one-month period.

If at any time the Calculation Agent determines (which determination shall be conclusive absent manifest error) that (i) adequate and reasonable means do not exist for ascertaining the LIBOR Rate (including because the LIBOR Screen Rate is not available or published on a current basis), for a one-month period and such circumstances are unlikely to be temporary or (ii) the circumstances set forth in clause (i) above have not arisen but either (w) the supervisor for the administrator of the LIBOR Screen Rate has made a public statement that the administrator of the LIBOR Screen Rate is insolvent (and there is no successor administrator that will continue publication of the LIBOR Screen Rate), (x) the administrator of the LIBOR Screen Rate has made a public statement identifying a specific date after which the LIBOR Screen Rate will permanently or indefinitely cease to be published by it (and there is no successor administrator that will continue publication of the LIBOR Screen Rate), (y) the supervisor for the administrator of the LIBOR Screen Rate has made a public statement identifying a specific date after which the LIBOR Screen Rate will permanently or indefinitely cease to be published or (z) the supervisor for the administrator of the LIBOR Screen Rate or a Governmental Authority having jurisdiction over the Calculation Agent has made a public statement identifying a specific date after which the LIBOR Screen Rate may no longer be used for determining interest rates for loans, then the Calculation Agent and the Commission shall endeavor to establish an alternate rate of interest to the LIBOR Rate that gives due consideration to the then prevailing market convention for determining a rate of interest for syndicated loans in the United States at such time, and shall (i) enter into an amendment to this Annex A to reflect such alternate rate of interest and such other related changes to this Annex A as may be applicable (but for the avoidance of doubt, such related changes shall not include a reduction of the Applicable Margin or Applicable Factor), and (ii) the Commission shall cause to be delivered to the Bondholders, and the Bondholders shall have received, reviewed, approved and accepted an opinion of Bond Counsel stating that the proposed amendment and alternate rate of interest is permitted by this Indenture and will not adversely affect the exclusion from gross income of interest on the Variable Rate Bonds for federal income tax purposes; *provided* that, if such alternate rate of interest as so determined would be less than zero, such rate shall be deemed to be zero for the purposes of this Annex A. Until an alternate rate of interest shall be determined in accordance with this paragraph (but, in the case of the circumstances described in clause (ii) of the first sentence of this paragraph, only to the extent the LIBOR Screen Rate for such one-month period is not available or published at such time on a current basis), the Variable Rate Bonds shall bear interest at the Alternate Base Rate.

Each change in the Prime Rate shall be effective from and including the date such change is publicly announced or quoted as being effective. Each determination of the Prime Rate by the Calculation Agent shall be deemed conclusive and binding on the Commission absent manifest error.

“SIFMA Index” shall mean, for purposes of the SIFMA Index Rate, a rate determined on the basis of the seven day high grade market index of tax exempt variable rate demand obligations, as produced by Bloomberg (or successor organizations) and published or made available by SIFMA or any Person acting in cooperation with or under the sponsorship of SIFMA and acceptable to the Commission and effective from such date or if such index is no longer produced or available, either (i) the S&P Municipal Bond 7 Day High Grade Rate Index as produced and made available by S&P Dow Jones Indices LLC (or successor organizations) or (ii) with a Favorable Opinion of Bond Counsel, such other index designed to measure the average interest rate on weekly interest rate reset demand bonds similar to the Variable Rate Bonds as selected by the Commission after consultation with the Majority Bondholders (as such term is defined in the Bond Purchase Agreement) of the Variable Rate Bonds in the SIFMA Index Mode. “Tax Event” shall mean, with respect to the Variable Rate Bonds, a change in law or fact or the interpretation thereof, or the occurrence or existence of any fact, event or circumstance (including, without limitation, the taking of any action by the Commission, or the making by the Commission of any misrepresentation herein or in any certificate required to be given in connection with the issuance, sale or delivery of the Variable Rate Bonds) which has the effect of causing interest on the Variable Rate Bonds to become includable, in whole or in part, in gross income for federal income tax purposes (including by reason of the Variable Rate Bonds being declared invalid, illegal or unenforceable by a court of competent jurisdiction, whether or not such declaration is appealable or deemed to be final under applicable procedural law, or by operation of law).

“Taxable Date” shall mean the date on which interest on the Variable Rate Bonds is first includable in the gross income of the a Bondholder (including, without limitation, any previous Bondholder) as a result of a Tax Event as such date is first established pursuant to a Determination of Taxability.

ARTICLE A-II

INTEREST RATE DETERMINATION AND PAYMENTS

Section A-2.01. Terms and Provisions Applicable to the Variable Rate Bonds. The Variable Rate Bonds, including the Certificate of Authentication, shall be substantially in the form of Appendix A to the Supplemental Indenture No. 4, shall be issued to bear interest at the SIFMA Index Rate for the Initial Index Rate Period, and shall mature, subject to prior prepayment, on the Maturity Date. The Variable Rate Bonds shall bear interest, may be converted to another Variable Rate Period, and shall be subject to mandatory prepayment prior to maturity as follows:

(i) *Interest.* The Variable Rate Bonds shall bear interest from their date, or from the most recent Interest Payment Date to which interest has been paid, whichever is later, payable on each Interest Payment Date, commencing February 15, 2019, at the rates determined pursuant to this Section A-201(i). From the Closing Date until a Conversion Date for the Variable Rate Bonds, if any, in accordance with the terms of the Trust Indenture, the Variable Rate Bonds shall bear interest at the Index Rate (computed on the basis of a 360-day year for the number of days actually elapsed). The Variable Rate Bonds may not be converted from bearing interest at an Index Rate to another Variable Rate Period or to another Index Rate prior to July 19, 2023.

The initial SIFMA Interest Period shall commence on the Closing Date and end on February 6, 2019, the initial SIFMA Index Rate shall be 2.305%, the initial Interest Payment Date shall be February 15, 2019, and the Variable Rate Bonds shall be subject to mandatory purchase on any Mandatory Purchase Date for the Variable Rate Bonds.

(ii) *Calculation of Index Rate in LIBOR Interest Period.* So long as the Variable Rate Bonds are in the Index Rate Mode based on the LIBOR Index Rate, the Variable Rate Bonds shall bear interest at the Index Rate as determined and adjusted in accordance with this Section A-2.01(ii).

(1) During each LIBOR Interest Period, the Variable Rate Bonds shall bear interest at the LIBOR Index Rate. The Calculation Agent shall determine the LIBOR Index Rate for each LIBOR Interest Period on the Computation Date immediately preceding such LIBOR Index Interest Period, and such rate shall become effective for the LIBOR Interest Period on the LIBOR Rate Reset Date immediately succeeding such Computation Date. The LIBOR Index Rate shall be rounded upward to the second decimal place of the rate expressed as a percentage.

(2) Promptly following the determination of any LIBOR Index Rate, the Calculation Agent shall give notice thereof to the Commission and the Bondholders.

(3) The determination of any LIBOR Index Rate by the Calculation Agent shall be conclusive and binding upon the Commission, the Trustee and any Bondholder. In determining the interest rate or rates that the Variable Rate Bonds shall bear as provided in this subsection, the Calculation Agent shall not have any liability to the Commission or the Trustee.

(4) From and after any Taxable Date, the interest rate on the Variable Rate Bonds in an Index Rate Period shall be established at a rate at all times equal to the Taxable Rate.

(5) Notwithstanding the foregoing from and after the occurrence and during continuation of a Bond Insurer Event of Default, the interest rate for the Variable Rate Bonds in the Index Rate Mode shall equal the Default Rate.

(iii) *Calculation of Index Rate in SIFMA Interest Period.* So long as the Variable Rate Bonds are in the Index Rate Mode based on the SIFMA Index Rate, the Variable Rate Bonds shall bear interest at the Index Rate as determined and adjusted in accordance with this Section A-2.01(iii).

(1) During each SIFMA Interest Period, the Variable Rate Bonds shall bear interest at the SIFMA Index Rate. The Calculation Agent shall determine the SIFMA Index Rate for each SIFMA Interest Period on the Computation Date immediately preceding such SIFMA Index Interest Period, and such rate shall become effective for the SIFMA Interest Period on the SIFMA Rate Reset Date immediately succeeding such Computation Date. The SIFMA Index Rate shall be rounded upward to the second decimal place of the rate expressed as a percentage.

(2) Promptly following the determination of any SIFMA Index Rate, the Calculation Agent shall give notice thereof to the Commission and the Bondholders.

(3) The determination of any SIFMA Index Rate by the Calculation Agent shall be conclusive and binding upon the Commission, the Trustee and any Bondholder. In determining the interest rate or rates that the Variable Rate Bonds shall bear as provided in this subsection, the Calculation Agent shall not have any liability to the Commission or the Trustee.

(4) From and after any Taxable Date, the interest rate on the Variable Rate Bonds in an Index Rate Period shall be established at a rate at all times equal to the Taxable Rate.

(5) Notwithstanding the foregoing from and after the occurrence and during continuation of a Bond Insurer Event of Default, the interest rate for the Variable Rate Bonds in the Index Rate Mode shall equal the Default Rate

(iv) *Mandatory Purchase.* With respect to the Variable Rate Bonds while bearing interest at the LIBOR Index Rate or the SIFMA Index Rate, the Variable Rate Bonds shall be

subject to mandatory purchase on the Mandatory Purchase Date for an amount equal to 100% of the principal amount thereof plus accrued unpaid interest to the Mandatory Purchase Date, plus any amounts due and owing under the Bond Purchase Agreement. Anything herein to the contrary notwithstanding, if funds available for the mandatory purchase of the Variable Rate Bonds on the Mandatory Purchase Date are insufficient for payment of the amount due on the Variable Rate Bonds on said Mandatory Purchase Date, then the Variable Rate Bonds shall bear interest at the Bank Rate until such time as sufficient funds to pay such purchase amount are delivered by the Commission to the Bondholders and the failure to pay such amount on such Mandatory Purchase Date, which shall only be payable from amounts on deposit in the Remarketing Proceeds Accounts, shall not constitute a default on the part of the Commission.

(v) *Index Rate Periods After Initial Index Rate Period.* The interest rate on the Variable Rate Bonds for any subsequent Index Rate Period after the Initial Index Rate Period, including the Applicable Factor and Applicable Margin, the length of the new Index Rate Period and the new Mandatory Purchase Date shall be approved by the governing body of the Commission and shall require the consent of the Bond Insurer. In the event that the Commission determines that, for a subsequent Index Rate Period, the applicable interest rate will not permit the Variable Rate Bonds to be remarketed at par, the Commission shall prior to such subsequent Index Rate Period, cause to be delivered to the purchaser thereof, a Favorable Opinion of Bond Counsel.

(vi) *Business Day.* Except as otherwise provided herein, whenever any payment or action to be made or taken hereunder shall be stated to, be due on a day which is not a Business Day, such payment or action shall be made or taken on the next following Business Day, and such extension of time shall be included in computing interest or fees, if any, in connection with such payment or action.

Section A-2.02. Excess Interest, Determination of Taxability.

(i) *Excess Interest.*

(a) If the amount of interest payable on the Variable Rate Bonds for any period in accordance with the terms hereof exceeds the amount of interest that would be payable for such period had interest for such period been calculated at the Maximum Rate, then interest for such period shall be payable in an amount calculated at the Maximum Rate for such period.

(b) Any interest that would have been due and payable for any period but for the operation of Section A-202(i)(a) shall accrue and be payable as provided in this Section A-2.02(i)(b) and shall, less interest actually paid to the Bondholders for such period, constitute the "*Excess Interest Amount.*" If there is any accrued and unpaid Excess Interest Amount as of any date then the principal amount with respect to which interest is payable shall bear interest at the Maximum Rate, until payment to the Bondholders of the entire Excess Interest Amount.

(c) Notwithstanding the foregoing, on the date on which no principal amount hereunder remains unpaid, the Commission shall to the extent possible without violating

applicable law, pay to the Bondholders a fee (the “*Excess Interest Fee Amount*”) equal to any accrued and unpaid Excess Interest Amount.

(ii) *Determination of Taxability.*

(a) In the event a Determination of Taxability occurs, the Commission hereby agrees to pay to the Bondholders on demand therefor (A) an amount equal to the difference between (I) the amount of interest that would have been paid to the Bondholders on the Variable Rate Bonds during the period for which interest on the Variable Rate Bonds is includable in the gross income of the Bondholders if the Variable Rate Bonds had borne interest at the Taxable Rate, beginning on the Taxable Date (the “*Taxable Period*”), and (II) the amount of interest actually paid to the Bondholders during the Taxable Period, and (B) an amount equal to any interest, penalties or charges owed by the Bondholders as a result of interest on the Variable Rate Bonds becoming includable in the gross income of the Bondholders, together with any and all attorneys’ fees, court costs, or other out of pocket costs incurred by the Bondholders in connection therewith.

(b) Subject to the provisions of clauses (c) and (d) below, the Bondholders shall afford the Commission the opportunity, at the Commission’s sole cost and expense, to contest (1) the validity of any amendment to the Code which causes the interest on the Variable Rate Bonds to be includable in the gross income of the Bondholders or (2) any challenge to the validity of the tax exemption with respect to the interest on the Variable Rate Bonds, including the right to direct the necessary litigation contesting such challenge (including administrative audit appeals).

(c) The following shall constitute conditions precedent to the exercise by the Commission of its right to contest as set forth in clause (b) above, the Commission shall, on demand, promptly, and in any event within ten (10) Business Days of receipt of a demand from the Bondholders, reimburse the Bondholders for any and all expenses (including reasonable attorneys’ fees for services that may be required or desirable, as determined by the Bondholders) that may be incurred by the Bondholders in connection with any such contest, and shall, on demand, promptly, and in any event within ten (10) Business Days of such demand, reimburse the Bondholders for any and all penalties or other charges payable by the Bondholders for failure to include such interest in its gross income; and

(d) The obligations of the Commission under this Section A-2.02(ii) shall survive the termination of the Trust Indenture and the prepayment or other payment in full of the Variable Rate Bonds.

7. General. This Bond shall bear interest initially at an Index Rate, subject to conversion to a Weekly Rate, Daily Rate, Monthly Rate, Commercial Paper Rate, Term Rate or Fixed Rate. Reference is made to the Indenture for a description of each of these interest rate modes. The "Interest Payment Dates" for the Bonds of this Bond's Series are (i) with respect to Daily Rate interest, Weekly Rate interest or Monthly Rate interest, the fifteenth day of each calendar month commencing September 15, 2005, (ii) with respect to the Commercial Paper Rate, the first Business Day following each Commercial Paper Rate Period, (iii) with respect to Term Rate interest or Fixed Rate interest, the January 15 and July 15 following the month in which the interest rate is converted to the Term Rate or Fixed Rate and each January 15 and July 15 thereafter; provided, however that the last interest payment date for any Term Rate Period which is followed by a Daily Rate Period, a Weekly Rate Period or Monthly Rate Period shall be the first Business Day of such semi-annual period following the preceding Interest Payment Date and (iv) with respect to Index Rate interest, the fifteenth day of the calendar month, any day that is a Conversion Date for such Variable Rate Bonds from an Index Rate Period and the maturity date for such Variable Rate Bonds, provided that notwithstanding the foregoing, the first

Interest Payment Date with respect to the Variable Rate Bonds during the Initial Index Rate Period and after the Amendment Effective Date shall be February 15, 2019.

8. Daily Rate. If the Interest Rate Mode for a Series of Variable Rate Bonds is the Daily Rate, the interest rate on such Variable Rate Bonds for any Business Day shall be the rate established by the Applicable Remarketing Agent no later than 9:30 a.m., prevailing local time in New York, New York, on such Business Day as the minimum rate of interest necessary, in the judgment of the Applicable Remarketing Agent, taking into account then Prevailing Market Conditions, to enable the Applicable Remarketing Agent to sell the Variable Rate Bonds on such Business Day at a price equal to the principal amount thereof, plus accrued interest, if any, thereon. For any day which is not a Business Day, the interest rate on such Variable Rate Bonds shall be the interest rate in effect for the next preceding Business Day. No notice of Daily Rates will be given to the Commission or the Owners of Bonds of this Bond's Series; however, the Commission and the Owners of the Bonds of this Bond's Series may obtain Daily Rates from the Paying Agent or the Remarketing Agent. All determinations of Daily Rates pursuant to the Indenture shall be conclusive and binding upon the Commission, the Trustee, the Paying Agent and the Owners of the Bonds of this Bond's Series to which such rates are applicable. The Commission, the Liquidity Provider, if any, the Trustee, the Paying Agent and the Remarketing Agent shall not be liable to any Owner of Bonds of this Bond's Series for failure to give any notice required with respect to Daily Rates or for failure of any person to receive any such notice.

9. Weekly Rate. When the Interest Rate Mode for a Series of Variable Rate Bonds is the Weekly Rate, the interest rate on such Variable Rate Bonds for a particular Weekly Rate Period shall be the rate established by the Applicable Remarketing Agent no later than 5:00 p.m., prevailing local time in New York, New York, on the day preceding the first day of such Weekly Rate Period, or, if such preceding day is not a Business Day, on the next preceding Business Day, as the minimum rate of interest necessary, in the judgment of the Applicable Remarketing Agent, taking into account then Prevailing Market Conditions, to enable the Applicable Remarketing Agent to sell such Variable Rate Bonds on such first day at a price equal to the principal amount thereof, plus accrued interest, if any, thereon. No notice of Weekly Rates will be given to the registered owners of the Bonds of this Bond's Series; however, such owners may obtain Weekly Rates from the Remarketing Agent. All determinations of Weekly Rates pursuant to the Indenture shall be conclusive and binding upon the Commission, the Bank, the Trustee, the Paying Agent and the registered owners of the Bonds of this Bond's Series to which such rates are applicable. The Commission, the Liquidity Provider, if any, the Trustee, the Paying Agent and the Remarketing Agent shall not be liable to any registered owner for failure to give any notice required with respect to Weekly Rates or for failure of any person to receive any such notice.

10. Monthly Rate. If the Interest Rate Mode for a Series of Variable Rate Bonds is the Monthly Rate, the interest rate on such Variable Rate Bonds for a particular Monthly Rate Period shall be the rate established by the Applicable Remarketing Agent no later than 5:00 p.m., prevailing local time in New York, New York, on the day preceding the first day of such Monthly Rate Period, or, if such preceding day is not a

Business Day, on the next preceding Business Day, as the minimum rate of interest necessary, in the judgment of the Applicable Remarketing Agent, taking into account then Prevailing Market Conditions, to enable the Applicable Remarketing Agent to sell such Variable Rate Bonds on such first day at a price equal to the principal amount thereof, plus accrued interest, if any, thereon. Each subsequent Monthly Rate Period shall commence on and include the first day of a month and continue through and include the last day of such month. No notice of Monthly Rates will be given to the Registered Owners of the Bonds of this Bond's Series; however, such Owners may obtain Monthly Rates from the Remarketing Agent. All determinations of Monthly Rates pursuant to the Indenture shall be conclusive and binding upon the Commission, the Trustee, the Paying Agent, and the Registered Owners of the Bonds of this Bond's Series to which such rates are applicable. The Commission, the Liquidity Provider, if any, the Trustee, the Paying Agent and the Remarketing Agent shall not be liable to any Registered Owner for failure to give any notice required with respect to Monthly Rates or for failure for any person to receive such notice.

If the Interest Rate Mode for a Series of Variable Rate Bonds is the Commercial Paper Rate, the interest rate on such Variable Rate Bonds shall be a Commercial Paper Rate determined for each Commercial Paper Rate Period for the Variable Rate Bonds as described below. "Commercial Paper Rate Period" means an Interest Period, specified by the Commission, of at least one day and no longer than 270 days, beginning on a Conversion Date or date of mandatory purchase in the case of the establishment of each successive Commercial Paper Rate Period and ending on the day preceding the earlier of the date of the Conversion to a different Interest Rate Mode or the date of mandatory purchase in the case of the establishment of a successive Commercial Paper Rate Period or the date of redemption or of maturity of the applicable Series of Bonds.

11. Commercial Paper Rate. If the Interest Rate Mode for the Variable Rate Bonds is the Commercial Paper Rate, the interest rate on such Variable Rate Bonds for a particular Commercial Paper Rate period shall be the rate established by the Applicable Remarketing Agent no later than 5:00 p.m., prevailing local time in New York City, on the day preceding the first day of such Commercial Paper Rate Period, or, if such preceding day is not a Business Day, on the next preceding Business Day, as the minimum rate of interest necessary, in the judgment of the Applicable Remarketing Agent, taking into account the Prevailing Market Conditions, to enable the Applicable Remarketing Agent to sell such Variable Rate Bonds on such first day at a price equal to the principal amount thereof, plus accrued interest, if any, thereon; provided that, if the Applicable Remarketing Agent fails for any reason to determine the Commercial Paper Rate for any Commercial Paper Rate Period, such Commercial Paper Rate shall be the same as the Commercial Paper Rate in effect for the immediately preceding Commercial Paper Rate Period, except that if such failure continues for more than one consecutive Commercial Paper Rate Period, the Commercial paper Rate thereafter shall be the applicable MBA Index Rate at that time for the corresponding rate period. In no event shall the Commercial Paper Rate for any Commercial Paper Rate Period exceed the maximum annual rate of interest at which the applicable Liquidity Facility then in effect provides coverage for the Commercial Paper Rate.

12. Term Rate. If the Interest Rate Mode for a Series of Variable Rate Bonds is the Term Rate, the interest rate on such Variable Rate Bonds shall be a Term Rate determined for each Term Rate Period for the Variable Rate Bonds as described below. "Term Rate Period" means any period established by the Commission pursuant to the Indenture and beginning on, and including, the Conversion Date to the Term Rate or to a different Term Rate Period and ending on, and including, the day preceding the last Interest Payment Date for such period and, thereafter, each successive period of the same duration as that established period until the day preceding the earliest of the change to a different Term Rate Period, the Conversion to a different Interest Rate Mode or the redemption or maturity of the Bonds of such Series.

If the Interest Rate Mode for a Series of Variable Rate Bonds is the Term Rate, which shall be known as the Fixed Rate if the Term Rate Period is to the date of redemption or maturity of such Series, the interest rate on such Term Bonds for a particular Term Rate Period shall be the rate established by the Applicable Remarketing Agent (by the Commission for the Fixed Rate) during the applicable Term Rate Period as the minimum rate of interest necessary, in the judgment of the Applicable Remarketing Agent, taking into account the Prevailing Market Conditions, to enable the Applicable Remarketing Agent to sell such Term Bonds on such first day at a price equal to the principal amount thereof, plus accrued interest, if any, thereon.

Upon conversion of any Variable Rate Bonds to a Term Mode, a Nominal Term Rate Period shall be fixed by the Commission as a term of one or more semiannual periods constituting the nominal length of each Term Rate Period thereafter until the date of a conversion to another Interest Rate Mode. A Term Rate based on one Nominal Term Rate Period and a Term Rate based on another Nominal Term Rate Period shall be different Interest Rate Modes. Unless otherwise specified by the Commission, each Term Rate shall be based on a Nominal Term Rate Period of one year consisting of two semiannual periods.

Each Term Rate Period shall end on the day next preceding an Interest Payment Date; provided that no Term Rate Period shall extend beyond the maturity date of the Variable Rate Bonds. Anything in the Indenture to the contrary notwithstanding, if a Liquidity Facility for a particular Series is then in effect, no Term Rate Period shall extend beyond the Business Day preceding the stated expiration date of such Liquidity Facility. The Trustee shall not terminate or surrender a Liquidity Facility in effect prior to the Conversion Date (converting to a Term Rate) until after the second Business Day following the honoring of a draw thereon in connection with a conversion from a Daily Rate, Weekly Rate, Monthly Rate, Commercial Paper Rate or Index Rate to a Term Rate.

The Commission may change from one Term Rate Period to another Term Rate Period on any date on which the Variable Rate Bonds are subject to optional redemption at par (without any premium) pursuant to the Indenture by notifying the Commission, the Trustee, the Liquidity Provider, if applicable, and the Applicable Remarketing Agent in writing at least 35 days prior to the proposed effective date of the change. Any such notice shall be accompanied by an opinion of Bond Counsel stating that such change is

permitted by the Indenture and will not adversely affect the exclusion from gross income of the interest on the Variable Rate Bonds for federal income tax purposes.

Notwithstanding any provision of the Indenture, the length of a Term Rate Period shall not be changed if (A) the Applicable Remarketing Agent has not determined the interest rate for the new Term Rate Period in accordance with the Indenture or (B) the Trustee shall receive written notice from Bond Counsel prior to the opening of business at the office of the Trustee on the effective date of such change that the opinion of such Bond Counsel required the Indenture has been rescinded, in which case the provisions of the Indenture shall apply with respect to cancellation of a Conversion.

13. Fixed Rate. If the Interest Rate Mode for a Series of Variable Rate Bonds is the Term Rate, it shall be known as the Fixed Rate if the Term Rate Period is to the date of redemption or maturity of such Series.

14. Bank Bond Rate. When Variable Rate Bonds are purchased by a Liquidity Provider pursuant to a Liquidity Facility, Bank Bonds shall bear interest at the rate determined by the Liquidity Provider. Notwithstanding anything to the contrary contained in the Indenture, the interest rate on Bank Bonds shall be paid in accordance with the terms of the applicable Liquidity Facility. Interest on Bank Bonds is payable to the Liquidity Provider or (if applicable) to any other Bank Bondholder (as such term is defined in the Liquidity Facility), notwithstanding any provisions of the Indenture regarding the Regular Record Date or Special Record Date. Interest accrual at the rate determined by the Liquidity Provider shall begin on (and shall include) the date such Variable Rate Bond is purchased by the Liquidity Provider pursuant to the applicable Liquidity Facility and shall end on (but shall not include) the date such Variable Rate Bond is remarketed pursuant to the Indenture or redeemed in accordance with the applicable Liquidity Facility.

15. Index Rate. If the Interest Rate Mode for a Series of Variable Rate Bonds is the Index Rate, the Calculation Agent shall determine the LIBOR Index Rate or SIFMA Index Rate for each LIBOR Interest Period or SIFMA Interest Period on the Computation Date immediately preceding such LIBOR Interest Period or SIFMA Interest Period, and such rate shall become effective for the LIBOR Interest Period on the LIBOR Rate Reset Date or SIFMA Interest Period on the SIFMA Rate Reset Date immediately succeeding such Computation Date. Promptly following the determination of any LIBOR Index Rate or SIFMA Index Rate, the Calculation Agent shall give notice thereof to the Commission and the Bondholders. The determination of any LIBOR Index Rate or SIFMA Index Rate by the Calculation Agent shall be conclusive and binding upon the Commission, the Trustee and any Bondholder. In determining the interest rate or rates that the Variable Rate Bonds shall bear, the Calculation Agent shall not have any liability to the Commission or the Trustee.

16. Conversion of Interest Rate Modes. The Interest Rate Mode for each Series of Variable Rate Bonds is subject to Conversion to a different Interest Rate Mode from time to time in whole and not in part (with respect to each such Series) by the Commission, such right to be exercised by notifying the Commission, the Trustee, the Paying Agent, Liquidity Provider, if any, and the Applicable Remarketing Agent: (a) in

the case of Conversion to or from the Term Rate, not less than 35 days prior to the effective date of such proposed Conversion and (b) in all other cases, not less than 20 days prior to such proposed effective date; provided that if a Liquidity Facility is then in effect with respect to such Series, no such Conversion shall be effective on a date on which the purchase price for a mandatory tender includes any premium. In the case of a Conversion of the Interest Rate Mode for a Series of Variable Rate Bonds (1) from a Daily Rate Period, a Weekly Rate Period, a Monthly Rate Period, a Commercial Paper Rate Period, an Index Rate Period or a Term Rate Period of one year or less to a Term Rate Period of more than one year, or (2) from a Term Rate Period of more than one year to a Daily Rate Period, a Weekly Rate Period, a Monthly Rate Period, a Commercial Paper Rate Period, an Index Rate Period or a Term Rate Period of one year or less, the notice from the Commission must be accompanied by an opinion of Bond Counsel stating that the Conversion is permitted by the Indenture and will not adversely affect the exclusion from gross income of interest on the Variable Rate Bonds for federal income tax purposes.

17. Limitations on Conversion. The following limitations apply with respect to Conversions: (i) no Conversion for a Series of Variable Rate Bonds may be made during any period in which such Variable Rate Bonds are not subject to optional redemption without premium; (ii) if the proposed Conversion is from a Daily Rate Period, a Weekly Rate Period, a Monthly Rate Period, a Commercial Paper Rate Period, or an Index Rate Period the Conversion Date must be a Business Day; (iii) if the Conversion is to the Term Rate and a Liquidity Facility is to be in effect with respect to such Series following the Conversion, the Term Rate Period may not extend beyond the Business Day preceding the stated expiration date of such Liquidity Facility; (iv) if the Conversion is to a Term Rate and a Liquidity Facility is to be in effect with respect to such Series, the Commission shall have obtained a rating confirmation notice from each rating agency then rating such Series, and delivered to the Trustee an amendment to such Liquidity Facility or an Alternate Liquidity Facility effective as of the Conversion and providing for the number days interest at the Term Rate for the number of days in the Term Rate Period plus such additional days as may be specified by the applicable rating agencies. The Variable Rate Bonds may not be converted from bearing interest at an Index Rate to another Variable Rate Period or another Index Rate prior to July 19, 2023.

18. Cancellation of Conversion. The Interest Rate Mode of a Series of Variable Rate Bonds shall not be converted if (a) the Applicable Remarketing Agent has not determined the initial interest rate for the new Interest Rate Mode in accordance with the Indenture, (b) the Variable Rate Bonds that are to be repurchased by the Applicable Remarketing Agent upon such conversion are not remarketed, or (c) the Trustee shall receive written notice that the opinion of Bond Counsel required in connection with such Conversion has been rescinded. If the proposed conversion of Variable Rate Bonds of a particular Series is cancelled, such Series of Variable Rate Bonds will remain in the Interest Rate Mode then in effect prior to the failed conversion.

19. Optional Tender for Purchase in Daily Mode. If the Interest Rate Mode of a Series of Variable Rate Bonds is the Daily Rate, a Beneficial Owner of a Variable Rate

Bond of such Series may demand purchase of the Variable Rate Bond (or portion thereof in an Authorized Denomination) owned by it on any Business Day during a Daily Rate Period at a purchase price equal to the principal amount thereof, plus accrued interest, if any, to the Purchase Date upon written notice or telephonic notice, promptly confirmed in writing, to the Trustee and the applicable Remarketing Agent at their respective designated offices not later than 10:30 a.m., prevailing local time in New York, New York on such Business Day.

20. Optional Tender for Purchase in Weekly Mode. If the Interest Rate Mode of a Series of Variable Rate Bonds is the Weekly Rate, a Beneficial Owner of a Variable Rate Bond of such Series may demand purchase of the Variable Rate Bond (or portion thereof in an Authorized Denomination) owned by it on any Business Day during a Weekly Rate Period at a purchase price equal to the principal amount thereof, plus accrued interest, if any, to the Purchase Date, upon written notice to the Trustee and the Applicable Remarketing Agent at their respective designated offices upon receipt of such notice, the Applicable Remarketing Agent shall determine the Purchase Date, which shall be at or before 5:00 p.m., prevailing local time in New York, New York, on a Business Day not later than the seventh calendar day thereafter.

21. Optional Tender for Purchase in Monthly Mode. If the Interest Rate Mode of a Series of Variable Rate Bonds is the Monthly Rate, a Beneficial Owner of a Variable Rate Bond of such Series may demand purchase of the Variable Rate Bond (or portion thereof in an Authorized Denomination) owned by it on any Business Day during a Monthly Rate Period at a purchase price equal to the principal amount thereof, plus accrued interest, if any, to the Purchase Date, upon written notice to the Trustee and the Applicable Remarketing Agent at their respective designated offices upon receipt of such notice, the Applicable Remarketing Agent shall determine the Purchase Date, which shall be at or before 5:00 p.m., prevailing local time in New York City, New York, on a Business Day not later than the fifth Business Day thereafter.

22. Purchase of Variable Rate Bonds on Demand of Owner-General Provisions. Any such notice of purchase referred to above must (A) state the principal amount (or portion thereof) of such Variable Rate Bond to be purchased; (B) state the Purchase Date on which such Variable Rate Bond shall be purchased; (C) if the Book-Entry System is in effect, state the name, address and taxpayer identification number of the Beneficial Owner and the payment instructions for the purchase price; and (D) irrevocably request such purchase. The Owner of a Variable Rate Bond may demand purchase of a portion of such Variable Rate Bond only if the portion to be purchased and the portion to be retained by the Owner will be in authorized denominations.

If the Interest Rate Mode of a Series of Variable Rate Bonds is the Daily Rate, the Weekly Rate or the Monthly Rate and the Book-Entry System is not in effect, the registered owner of a Variable Rate Bond of such Series may demand purchase of the Variable Rate Bond (or portion thereof) during a Daily Rate Period, a Weekly Rate Period or the Monthly Rate Period by delivering the notice described above, as applicable (which notice shall in such case also include the certificate number of the Variable Rate Bond) at the applicable time and in the manner specified above, and shall

23. Mandatory Tender for Purchase. This Bond is subject to mandatory tender for purchase in the circumstances described in paragraphs 24 through 29, inclusive, which follow. The Owners of the Variable Rate Bonds shall not have any right to retain Variable Rate Bonds subject to mandatory purchase. In addition, there will be no mandatory purchases of Variable Rate Bonds if the maturity of the Variable Rate Bonds shall have been accelerated as a result of an Event of Default under the Indenture, and there shall be no remarketing of Variable Rate Bonds if there shall have occurred and be continuing an Event of Default, except in the sole discretion of the Applicable Remarketing Agent.

24. On the Mandatory Purchase Date. If funds available for the mandatory purchase of the Variable Rate Bonds on the Mandatory Purchase Date are insufficient for payment of the amount due on the Variable Rate Bonds on said Mandatory Purchase Date, then the Variable Rate Bonds shall bear interest at the Bank Rate until such time as sufficient funds to pay such purchase amount are delivered by the Commission to the Bondholders and the failure to pay such amount on such Mandatory Purchase Date, which shall only be payable from amounts on deposit in the Remarketing Proceeds Accounts, shall not constitute a default on the part of the Commission.

25. On the Interest Payment Date for Commercial Paper Rate Period. If the Interest Rate Mode of a Series of Variable Rate Bonds is the Commercial Paper Rate, then on the Interest Payment Date for such Commercial Paper Rate Period at a purchase price equal to the principal amount thereof, plus accrued interest to the Purchase Date.

26. On the last Interest Payment Date for a Term Rate Period. If the Interest Rate Mode of a Series of Variable Rate Bonds is the Term Rate, then on the final Interest Payment Date for a Term Rate Period at a purchase price equal to the principal amount thereof, plus accrued interest to the Purchase Date.

27. On Conversion Date and on Change by the Commission in Term Rate Period or Index Rate Period. The Variable Rate Bonds of a Series shall be subject to mandatory purchase at a purchase price equal to the principal amount thereof, plus accrued interest to the Purchase Date on each Conversion Date for such Series of Variable Rate Bonds and on the effective date of any change in the Term Rate Period or the Index Rate Period for such Series of Variable Rate Bonds by the Commission.

In the event a Liquidity Facility is to expire on the applicable Liquidity Facility Expiration Date, the Variable Rate Bonds secured by such Liquidity Facility shall be subject to mandatory purchase on the applicable Expiration Tender Date at a purchase price equal to the principal amount thereof, plus accrued interest to the Purchase Date.

29. Alternate Liquidity Facility. In the event an Alternate Liquidity Facility is issued with respect to a Series of Variable Rate Bonds pursuant to the requirements of the Indenture, such Series of Variable Rate Bonds shall be subject to mandatory purchase on the date on which the Alternate Liquidity Facility is to be delivered at a purchase price equal to the principal amount thereof plus interest accrued to the Purchase Date to be paid from remarketing proceeds and the proceeds of a draw on the then current Liquidity Facility.

30. Notice of Mandatory Purchases. The Trustee shall give notice by first class mail, postage prepaid, to the Owners of a mandatory purchase of Variable Rate Bonds on or before the 5th Business Day (30th day if the Interest Rate Mode is the Term Rate), before such mandatory purchase, except in the case of a mandatory purchase in connection with an event of default under a Liquidity Facility or in connection with the interest component not being reinstated, in which case the notice shall be five Business Days prior to such mandatory purchase.

31. Payment of Purchase Price. Payment of the purchase price of any Variable Rate Bond shall be made on the Purchase Date to the Delivery Office of the Paying Agent; provided that if the Book-Entry System is in effect, delivery of such Variable Rate Bonds shall be made when the Applicable Remarketing Agent, as the sole Participant in the Book-Entry System, has transferred such Variable Rate Bond on the records of the Securities Depository, or of the Applicable Remarketing Agent, as such Participant. If the Book-Entry System is not in effect, such Variable Rate Bond must be surrendered to the Paying Agent at its Delivery Office and be accompanied by an appropriate instrument of transfer, executed in blank, with signature guaranteed. If the Book-Entry System is not in effect, delivery of any Variable Rate Bond to be purchased at the Delivery Office of the Paying Agent at or prior to 12:00 noon on the Purchase Date in the case of the Weekly Rate or Monthly Rate or 12:30 p.m. on the Purchase Date in the case of the Daily Rate or 5:00 p.m. on the second Business Day prior to the Purchase Date in the case of the Term Rate, shall be required for payment of the purchase price due on such Purchase Date; provided, however, that if the date of such purchase is not a Business Day, the purchase price shall be payable on the next succeeding Business Day. Any Variable Rate Bond as to which a notice of demand for purchase has been given or which is subject to mandatory purchase and for which moneys for the payment of the purchase price have been deposited with the Paying Agent shall not be transferable and shall be purchased on the Purchase Date whether or not such Variable Rate Bond has been delivered (which, if the Book-Entry System is not in effect, shall include presentation and delivery of such Variable Rate Bond to the Paying Agent properly endorsed for transfer in blank with all signatures guaranteed). Thereafter, the Bondholder of such Variable Rate Bond shall be entitled only to payment of the purchase price of such Variable Rate Bond by the Paying Agent.

There shall be no purchase of Variable Rate Bonds of a Series upon demand of the Bondholders thereof if such Series of Variable Rate Bonds have been declared immediately due and payable pursuant to the Indenture and such acceleration has not been annulled or suspended.

32. Optional Redemption. Whenever the Interest Rate Mode for Variable Rate Bonds of a Series is the Daily Rate, the Weekly Rate, the Monthly Rate or the Commercial Paper Rate, such Variable Rate Bonds shall be subject to redemption at the option of the Commission, upon the direction of the Commission, with the prior written consent of the Liquidity Provider, in whole or in part, at a redemption price of 100% of the principal amount thereof, plus interest accrued, if any, to the redemption date, on any Interest Payment Date.

33. Mandatory Redemption. The Variable Rate Bonds will be subject to mandatory sinking fund redemption prior to maturity by the Commission in part on July 15 of the years and in the amounts set forth in the schedule shown below, at a redemption price equal to 100% of the principal amount thereof, plus accrued interest to the redemption date (provided that if July 15 of any year is, not a Business Day, the redemption date shall be the first Business Day following such July 15):

34. Notice of Redemption. Notice of redemption of Variable Rate Bonds shall be given by mailing a copy of the redemption notice by first class mail, postage prepaid, at least fifteen (15) days (thirty (30) days if the Interest Rate Mode is the Term Rate) and no more than sixty (60) days prior to the redemption date to the Holders of Variable Rate Bonds to be redeemed at their addresses as they appear in the Bond Register. Unless the Liquidity Facility securing a Series of Variable Rate Bonds is in effect and not scheduled to expire on or before the redemption date, if, at the time of mailing of any notice of any optional redemption, there shall not have been deposited with the Trustee moneys sufficient to redeem all of the Variable Rate Bonds of such Series called for redemption, such notice may state that it is conditional i.e., that it is subject to the

deposit of the redemption moneys with the Trustee not later than opening of business on the redemption date, and such notice shall be of no effect unless such moneys are deposited. No defect affecting the redemption of any Variable Rate Bond, whether in any notice of redemption or mailing thereof (including any failure to mail such notice), shall affect the validity of the redemption of any other Variable Rate Bonds. If DTC or its nominee is the Bondholder of the Variable Rate Bonds, the Commission and the Trustee will recognize DTC or its nominee as the Bondholder of the Variable Rate Bonds for all purposes, including notices and voting. Conveyance of notices and other communications by DTC Participants and by DTC Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time. So long as DTC or its nominee is the Bondholder of the Variable Rate Bonds, any failure on the part of DTC or failure on the part of a nominee of a Beneficial Owner (having received notice from a DTC Participant or otherwise) to notify the Beneficial Owner so affected shall not affect the validity of the redemption. So long as DTC or its nominee is the Bondholder of the Variable Rate Bonds, if less than all of a Series of Variable Rate Bonds of any maturity shall be called for redemption, the particular Variable Rate Bonds or portions of Variable Rate Bonds of such maturity to be redeemed shall be selected by lot by DTC in such manner as DTC may determine.

35. General Provisions. An executed counterpart of the Indenture is on file at the office of the Commission and at the designated corporate trust office of the Trustee. Reference is hereby made to the Indenture for the provisions, among others, with respect to the custody and application of the proceeds of the Bonds, the collection and disposition of the Commission Allocation, the funds charged with and pledged to the payment of the interest on, the principal of and the premium, if any, on the Bonds, the nature and extent of the security, the terms and conditions on which the Bonds, Parity Obligations and Subordinated Indebtedness are issued or incurred, the rights, duties and obligations of the Commission and the Trustee and the rights of the Bondholder of the Bonds and Parity Obligations and the Bond Insurer (as hereinafter defined). By the acceptance of this Bond, the registered owner hereof and, if a book-entry system is being used for the Bonds, any participant in the owner and any person claiming a beneficial interest under or through such owner or participant assents to all of the provisions of the Indenture.

Whenever the due date for payment of interest or principal of the Bonds (as hereinabove defined) or the date fixed for redemption of any Bond shall be a Saturday, a Sunday, a legal holiday or a day on which the Trustee or the Paying Agent is authorized by law to close, then payment of such interest, principal or redemption price need not be made on such date, but may be made on the next succeeding day which is not a Saturday, a Sunday, a legal holiday, or a day on which the Trustee or the Paying Agent is authorized by law to close, with the same force and effect as if made on the due date for payment of principal, interest or redemption price. Principal of, premium, if any, and interest on this Bond are payable only from moneys deposited or to be deposited under the Indenture, in such coin or currency of the United States of America as at the time and place of payment is legal tender for payment of public and private debts.

The Indenture provides for the issuance or incurrence, under the conditions, limitations and restrictions therein set forth, of Additional Bonds, Parity Obligations and Subordinated Indebtedness (each as described in the Indenture) for the purposes set forth therein.

The 2005 Bonds are equally and ratably secured by a pledge of the Commission of the Trust Estate (as defined in the Indenture) including the Trust Receipts (as defined in the Indenture), which term includes that portion of the additional motor vehicle registration fees imposed by the Act of April 16, 1997, P.L. 3 (the "Act 3 Revenues") collected by the Commonwealth and paid to the Trustee and the interest and income earned on any fund or account established pursuant to the Indenture (other than the Rebate Fund). Any Additional Bonds or Parity Obligations issued or incurred under the Indenture will be equally and ratably secured under the Indenture with the Bonds. No debt service reserve fund has been established pursuant to the Indenture to secure the Bonds.

In the event the Trust Receipts are insufficient to pay the principal of and interest on the Bonds and all Additional Bonds issued under the Indenture or any indenture supplemental thereto, the Commission covenants pursuant to the Indenture to petition the General Assembly of the Commonwealth of Pennsylvania to increase the Trust Receipts allocated to it. The General Assembly has no obligation to take such action, however. In the statute imposing the Act 3 Revenues, however, the following pledge is made, which the Commission covenants to seek to enforce under the Indenture:

[t]his section shall operate as a pledge, by the Commonwealth to an individual or entity that requires a bond issued by the Commission, to:

(1) secure the portion of the money described in this section and distributed under this section; and (2) not limit or alter the rights vested in the [C]ommission to the appropriation and distribution of the money set forth in this section."

The Bonds are also secured by a municipal bond insurance policy issued by Assured Guaranty Municipal Corp. (formerly Financial Security Assurance, Inc.) ("Assured Guaranty" or the "Bond Insurer") insuring the payment when due of principal of and interest on the Bonds.

Each Series of the Variable Rate Bonds are issuable in the form of registered bonds in denominations of \$100,000 each or any integral multiple of \$5,000 in excess thereof. Subject to the conditions and upon payment of the charges, if any, provided in the Indenture, this Bond, upon surrender hereof at the designated corporate trust office of the Bond Registrar, with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of any other authorized denomination of the same maturity.

The owner of this Bond by the acceptance hereof specifically agrees that the Trustee shall be under no obligation to take any action with respect to any event of default occurring under the terms of this Bond or the Indenture, other than to give notice of certain defaults as provided in the Indenture, unless requested so to do in writing by the owners of not less than twenty-five percent (25%) in principal amount of the Parity Obligations then Outstanding under the Indenture and upon receipt of satisfactory indemnity as provided in the Indenture.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Indenture.

Upon the occurrence of an event of default, and on the conditions, in the manner and with the effect set forth in the Indenture, the principal of all Bonds then outstanding under the Indenture may become or may be declared due and payable before the stated maturities thereof, together with the interest accrued thereon.

Modifications or alterations of the Indenture or of any indenture supplemental thereto may be made by the Commission and the Trustee only to the extent and in the circumstances permitted by the Indenture.

All acts, conditions and things required by the constitution and statutes of the Commonwealth and the rules and regulations of the Commission to happen, exist and be performed precedent to and in the issuance of this Bond and the execution of the Indenture have happened, exist and have been performed as so required.

36. THE BONDS ARE LIMITED OBLIGATIONS OF THE COMMISSION PAYABLE SOLELY FROM THAT PORTION OF THE REGISTRATION FEES (AS DEFINED HEREINAFTER) PAID TO THE COMMISSION OR THE TRUSTEE AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON. THE BONDS SHALL NOT BE DEEMED TO BE A DEBT OF THE COMMONWEALTH AND SHALL NOT BE AN OBLIGATION OF THE COMMISSION PAYABLE FROM ANY SOURCE EXCEPT THAT PORTION OF THE REGISTRATION FEES PAID TO THE COMMISSION OR THE TRUSTEE BY THE COMMONWEALTH AND CERTAIN FUNDS HELD UNDER THE INDENTURE AND THE EARNINGS THEREON.

37. No Recourse Against Commission Persons. No recourse shall be had for the payment of the principal or redemption price of, or interest on, this Bond, or for any claim based hereon or on the Indenture, against any member, director, officer or employee, past, present or future, of the Commission or of any successor body, as such, either directly or through the Commission or any such successor body, under any constitutional provision, statute or rule of law, or by the enforcement of any assessment or by any legal or equitable proceeding or otherwise.

38. Certificate of Authentication. This Bond is not valid unless the Certificate of Authentication endorsed hereon is duly executed by the Trustee.

39. Statement of Insurance. Assured Guaranty Municipal Corp. (formerly Financial Security Assurance, Inc.) (“Assured Guaranty”), New York, New York, has delivered its municipal bond insurance policy with respect to the scheduled payments due of principal of and interest on this Bond to U.S. Bank National Association, Philadelphia, Pennsylvania, or its successor, as Paying Agent. Said Policy is on file and available for inspection at the principal office of the Paying Agent and a copy thereof may be obtained from Assured Guaranty or the Paying Agent.
